FINANCIAL AND COMMERCIAL.

FRIDAY, NOV. 3-6 P. M. The stock market has been somewhat 'rregular but on the whole strong to-day. At the early session of the open board the volume of business was not large, and Erie sold at 93%, Rending 116. Michigan Southern 73%, New York Central 101%, Cleveland and Pittsburg 81%, Northwestern 34, Prairie du Chien 84%, preferred 66%, Fort Wayne 106, Onlo and Mississippe certificates 29%. At the first regular board there was increased activity, and New York Central closed 1% higher than at the board yesterday, Eric 13, Hudson River 34, Reading %, Michigan Southern 14; Cleveland and Pitts-ourg 114, Northwestern 14, preferred 14, Fort Wayne Prairie du Chien 4%, Ohio and Mississippi certificates Quicksilver %, Alton and Terre Haute 4. Morris and Essex sold at par. Government gold bearing securities were a fraction firmer under the London advices reporting five-twenties at 64% a %. The old issue of the latter Ivanced %; new %.
At the open board at one o'clock the market was gene

rally firm, and Prairie du Chien experienced a further e to 92. Tolodo and Wabash also rose from 40 to At the second and regular board the market, which current of speculation ran mainly upon the mis-ous Western railway shares, which are not geneshowing a rise of eight per cent upon the morning Toledo and Wabash 52½, or 12½ higher; Alton nd Terre Haute 52%, or two per cent higher. New York central, Eric and Reading were unchanged. Michigan rn was % lower, Cleveland and Pittsburg %, Northwestern 1, Fort Wayne 1%, Quicksilver %, Obio and Mississippi certificates %. Government secuwere mactive, and coupon five-twenties declined 36.

At the open board at half-past three the general arket was firm, but Prairie du Chien declined to 90 and ledo and Wabash to 51. There was a steady demand or Ohio and Mississippi certificates, which sold at 29%, and after the call at 30. The latter are expected by their holders to follow in the wake of Prairie du Chien and similar Western stocks, but this speculation may be pre-mature. New York Central closed at 101%, Eric 93% a 93%, Hudson Railroad 108%, Reading 115%, Michigan Southern 72, Cleveland and Pittsburg 82½, Rock Island 108½, Northwestern 32½, preferred 65½, Fort Wayne the list, New York Central, Erie, and Ohio and Mississippi certificates being the strongest, and a shade lower

The recent movement in the Chicago and Northwestern mmon stock seems to have subsided, the transactions being limited and the quotations lower, but the preferred stock remains comparatively firm under the recent report, which is more favorable to the latter than the former. The report states that the company has now in of which the following table furnishes the details:-

Chicago to Miss'ssippi river (Dixon air line)
Belvidere to Madison (Madison line)
Eigin to Richmond, incl d ng branch from main line (Eigin and State tine)
Kenosha to Rockford (Kenosha and Rockford line) 73
Chicago to Green Bay (Green Bay line)242
Escanaba to iron mines (Peninsula line)
Mississippi river to Cedar Rapids (Chicago, Iowa and
Nebraska Railroad, perpetually leased) 82
Cedar Rapids to Boonsboro (Cedar Rapids and Missouri
River Raifroad)
Total921
The length of lines not vert built is thus stated.

Att of the original 66,284 shares of Galena stock, says the report, have now been exchanged, except 1,882 shares, and of that number 472 shares have assented to the consolidation, leaving but 1,410 shares which have not fully consented and approved it, and many of these, held by heirs, trustees and foreigners, have not been in a condition to do so.

The money market is generally reported to be easier, and it is very evident that a large amount of money is being offered to the bankers on the Stock Exchange by outside parties, to whom seven per cent for loans at cal constitutes a strong inducement for the employment of their surplus funds. The return flow from the interio also continues, exchange upon New York at Chicago be ing 1-10 premium selling, and packages of currency are sent from that point eastward daily. This keeps the money market in the West active; but there are, so far, no complaints of stringency.

The disinclination to invest in discounts continues, and

only prime names pass at 7 a 9 per cent, while fair signaressibilit to 10 a 12. The preference which lenders for to employ their money at eall is stimulating specuation for a rise on the Stock Exchange, and giving encouragement to "cornering" parties; but, considering that the latter deliberately play with loaded dice to fleece the unwary, the morality of their transactions is very le, and in the estimation of some of the mos members of the Stock Exchange amount t nothing short of conspiracies to defraud. Apart from these bubbles, which deserve collapse, the general ter dency of the market under present circumstances is still

Gold opened firm at 146%, and alvanced to 147. The bulls tried to stimulate it to a higher point by talking ominously of the reported order of the War Department to stop the sale of army wagons; but this and the ironclad report were attributed, supposing them to be true to the desire of the administration to be prepared against any sporadic Fenian movement upon Canada, this im pression being at the same time strength-ened by the correspondence from Canada, published in the Herand this morning, stating that five regiments of British troops were shortly expected to arrive at Montreal, on their way to Upper Canada, to during the winter, of which design a member of the Cagadian Parliament said, in a speech delivered on Sun day last, positive information had been received. The price afterwards fell off to 146M, and closed at that quo-

Foreign exchange is firm, but not very active, although the low current rates are causing considerable purchase by importers, who have been deferring their remittances. Bankers' sterling at sixty days is quoted at 108% a 109,

in reference to American securities:—
Since our last the London market for American securities has experienced an important change, the higher quotation of gold received from New York, and the appearance of a telegram respecting the relations of the United States and French governments on the Mexican quistion, having seriously depressed quotations. Towards the end of last week United States five twenty bonds were firm, but on the news by the Australasian gave way more than two per cent, the latest quotation being 63% a 64, ex coupon. Railway shares have also suffered materially, Illinois closing 82% a 83, or more than one dollar lower than last week, and Eries 57½ a 57½, or two dollars below last quotations. Atlantic bonds remain steady, but some sales of the large denomination of debentures have caused a decline to 84½ a

85%, while the smaller de	caused a decline to 84 ½ a sentures are quoted 87 a 88. Erie scrip is fixed for Friday, t 1½ a 1½ premium.

Franciers were quiet. The engagements were:—To Liverpool—1,600 bales cotton, 6:16d; 90 tons olicake 8s. a 10s. 2,000 bankels beans, 5s.; per steamer, 1,000 boxes cheese, 40s.; 1,500 bbls. petroleum, 5s. a 5s. 6d.; 500 bales cotton, 5;d. To Loudon—500 bbls. flour, 1s. 3d. To Bromen—350 boxes tobacco, 20s. The charters were—A bark to Mobile, private; one from Philadelphia to Hamburg, petroleum, 7s.; a ship to Glasgow, grain, 4s. 3d. (an old vessel, bound out); a brig and a schooner to Charleston, private.

Figure—The demand for nearly all descriptions continued fair, and we, noticed increased firmness in the market generally. The sales of dry cod comprised 2,200 quintals at \$3 a \$3 50 for Grand Bank and \$9 50 for St. Georges, with \$9 75 asked. Mackerel sold to a fair extent, though No. 2 of both shore and bay were nearly all out of the market. The sales covered 2,700 bbls at \$324 a \$24 50 for shore No. 1 (No. 2 were nominal), \$13 50 a \$14 for large No. 3, and \$17 50 a \$18 for bay No. 1—the latter rate an extreme one. Box herring were wanted, and prices were firm at 55c. a 60c. for scaled, and 46c. a 50c. for No. 1. Salmon were caree; but there continued a fair trade inquiry, with small sales at \$8, with \$8 60 ask d.

Gunny Clothe—The market was firm under a con-

tinued good inquiry. We note further sales of 1,000 bates in Boston at 225/c. a 23c., also 200 bates here at 233/c. a 24c.

a 24c.

(GUNNT BAGS were quiet without noticeable transactions; 29c. currency was the price here and in Roston.

HAY.—The market since our last has been rather quiet. City bate sold at 75c. a 90c., and shipping qualities at 60c. a 65c.

Hings.—The market was more active, and prices were firm. The sales were 6,500 California, 21 lbs. average, at 283/c.; 2,000 city slaughter cow. 50 lbs. average, at 283/c., a resale of 2,500 California, 21 lbs. average, at 283/c., and 1,000 wet salted Rio Grande, 49 lbs. average, at 123/c., all currency. Also 600 Rio Grande, second hands, at 14c.; 4,000 Buenos Ayres, 21 lbs. average, at 133/c., all gold, and 1,000 city slaughter cow, 50 lbs. average, at 133/c., all gold, and 1,000 city slaughter cow, 50 lbs. average, and 5,500 Rio Grande, mostly to arrive, on private torms.

HEMP.—A fair demand existed for both foreign and domestic, and prices for the former were somewhat firmer, holders generally refusing below 13c. gold for Manila, of which about 2,000 bales sold in Boston at and over 13c. In American hemp we noticed increased firmness, but no decided improvement. The sales were only moderate at \$3 25 a \$3 80 for dressed. Hemp tow was firm at \$1 60 per ton, and though there was a good inquiry the business was rather light, owing to the insufficient supply. Jute was firm but quiet. We learned of no further sales.

Hors.—Receipts, 689 bales. The market was unchoused in general processor.

Hors.—Receipts, 669 bales. The market was unchanged in every particular. The demand for prime descriptions continued good, in a jobbing way for consumption, at full rates, while the common grades were ranctive, though the general searcity enabled holders to realize previous prices. The sales were about 195 bales, at 30c. a 65c. for new crop, the latter an outside price, and 11c. a 40c. for old crop, as to quality.

INDICO.—Prices were without material variation. The inquiry was principally for the fine qualities, with only a moderate business.

SPEARM Was frim. We note sales of 100 tons Stream, to arrive, at \$6 70 a \$6 75, and 50 tons on spot at \$10 25, currency.

Sair.—The market continued active and prioss were without important alteration. We note further cargo sales of \$,000 bushels Turk's Island at 55c., and 2,000 acks Ashton's at or about \$4.50. We quote (store prices) Ashton's \$4.75, Marshall's \$4, Liverpool ground \$2.30 and Turk's Island 60c.

STEARMER was in demand at full prices. We note sales of 60,000 ibs. at 24c. a 26 ½c.; also 25,000 ibs. grease at 13½c. a 17½c.

SALTFERS.—Crude was very dull, and prices were nominally a shade lower. Calcutts was offered at 13c. a 13½c. Nitrate sode was without material change.

THE MEXICAN EMIGRATION SCHEME.

The Allen-Ortega Case-The Motion for Vacation of the Order of Arrest-Presentation of Additional Addavits-Conflicting Testimony-The Argument of Counsel-The Judge's Decision Re-SUPERIOR COURT—CHAMBERS.

Before Judge Garvin.

The arguments in the application for a vacation of the order of arrest in the case of Colonel W. W. Ailen against order of arrest in the case of Colonel W. W. Ailen against General J. G. Ortega came up in this court for a hearing yesterday. The plaintiff, it will be remembered, has instituted proceedings for the recovery of seven thousand dollars alieged to have been expended by him in aid of the cause of Mexican emigration, whereof, he declares, he was appointed general agent by the defendant. The latter was apprehended under an order from the Court, bail being fixed at seven thousand dollars for his appearance. He is now in arrest, though actually at liberty on parole.

day submitted the facts, as already published in the Herald, and appended additional affidavits to sustain his motion for discharge of the order of arrest.

THE ADDITIONAL APPIDAVITS. The first affidavit was that of Dr. Erastus Wilson, who

The first affidavit was that of Dr. Erastus Wilson, who testifies that he was the cause of the insertion of the card in the New York Herald of May 9, 1865, and explains its origin as follows:—Deponent was interested in the Mexican emigration movement, and called on General Ortega, who told him that those who had used his name in connection therewith, and particularly Colonel Allen, had no authority for so doing; whereupon he felt authorized to, and did, contradict Colonel Allen's announcement by the card referred to.

The next affidavit was that of General Ortega, who testines that, as he believed Dr. Wilson to be or have been the secretary of Colonel Allen, he considered the card to have been published by authority of the latter.

The affidavit of John J. Shepley, formerly in the Fifth New York Volunteers, sets forth that he was in the employ of Colonel Allen as secretary, and that he never knew Colonel Allen to pay any money to intending emigrants; that he became satisfied while in this position that Allen had no authority for his undertaking; in fact, that he was a humbug; he further avers that Allen's character for veracity and truth in the community where he resides is bad, and that the witnesses, Kiernan and WcNally, were bounty brokers during the late war, and were arrested by Colonel Baker and confined in Fort Larayette; their reportation was also decidedly bad; one day Allen pretend d to go to General Ortega for money, but was followed by deponent; he only wont around the block, and returning said he had called on G neral Ortega, who said he would go down town and get the money.

Colonel "Billy" Wilson in his affidavit testified to an interview with General Ortega, in which the latter emphatically denied his connection with and disapproved of the emigration scheme, and was much annoyed by the conduct of Allen; defendant would not believe the plaintiff under oath.

Clonel Aldison Farnsworth testified in corroboration of the previous witness as to the character of Colonel Allen.

semption. A full refer, while the common grades were realize previous prices. The sales were about 100 kinds. And 11s. 40c. for old crop, as to quality.

The product of the control of th

Objection was made by Mr. Holmes on the ground of no notice having been given, and the Judge overruled their admission.

The Judge said that in considering the motion he would have to confine his attention to two points. First, whether the debt was a fraudulent contract; and second, whether the circumstances brought the defendant within reach of any clause which could cause his arrest.

Mr. Holmes resumed—As to the first point he repeated that portion of Colonel Atlent's evidence asserting that General Ortegs was in possession of the sum of \$98,000 in gold, which was at present on deposit in the Hank of North America. Again fraud was certainly predicable of defendant's action in permitting plaintiff to continue or sanizing the movement. Fraud was the presumption under such circumstances.

The Judge defined the manner in which fraud was presumed and not presumed in the eyes of the law. If a man was unable to fulfil a contract made in good faith and with which he promised a pecuniary consideration it was not fraud. It was necessary that the guilty intent should exist throughout.

Mr. Holmes, in resuming, contended that the contract being assumed, defendant's subsequent disavowal rendered the contract fraudulent. His playing fast and loose, his denial before some and admission before others of his connection with not of Colonel Allen's agency of the movement, were proofs of the fact. As to the sec nd point, he contended that it was not necessary the act of the defendant should come within view of any particular clause, but within purview of the section.

The counsel rosted their case, and Judge Garvin took the papers.
